

IVPAI2019

2019 2nd International conference on Image, Video Processing and Artificial Intelligence

www.ivpai.org

August 23-25, 2019

Shanghai | China

Call for Papers

The 2019 2nd International conference on Image, Video Processing and Artificial Intelligence (IVPAI2019) will be held on August 23-25, 2019 in Shanghai, China. IVPAI is organized by [Shanghai Advanced Research Institute, Chinese Academy of Sciences](#). It is to bring together innovative academics and industrial experts in the field of image, video processing and artificial intelligence to a common forum. IVPAI2018 has been held successfully in Shanghai. [Sincerely welcome your participation!](#)

Calling for papers/ abstracts/ sponsors/ special sessions/ speakers/ TPC members

Topics (not limited to)

Machine learning

Neural networks
Support vector machine
Deep learning
Ensemble learning
Statistical learning
Inductive learning
Bayesian learning
Instance based learning
Reinforcement learning
Multi-label learning
Feature selection

Artificial Intelligence

Face recognition
Multimedia Systems and Applications
Image compression, coding
Visual computing and graphics
Video processing and analytics
Image and Video Analysis
3D Processing
Digital Signal and Image Processing
Computer animation
Signal processing techniques
Natural language processing

Knowledge Engineering
Computational intelligence
Intelligent control
Knowledge management
Intelligent database systems
Hybrid and nonlinear system
Big data
Data mining
Human Computer Interaction
Fuzzy Systems and Control
Intelligent Systems
Soft Computing

Important Date

Submission Deadline: June 30
Notification Date: July 15
Registration Deadline: July 20
Camera Ready: August 10
Conference Date: August 23-25

Publication

Selected papers will be published by SPIE, which will be included in **SPIE Digital Library**.
Indexed by:
WoS, SCOPUS
Ei-Compindex, CPCI-S
